The American Society of Hand Therapists (ASHT) is an organization of hand therapy professionals dedicated to advancing the field of hand and upper extremity therapy by promoting education, advocacy, research and clinical standards. ASHT members include occupational and physical therapists, physician extenders, surgeons, researchers and administrators.

Disclaimer:
This workbook has been developed by Karol Spraggs-Young, OTD, OTR/L, CHT and volunteer members of ASHT to assist hand therapists in the process of student clinical education. This workbook is provided for educational purposes and should not be considered as authoritative medical or legal guidance or as a substitute for consultation with qualified professionals. ASHT makes no representations or warranties, expressed or implied, with respect to the information contained herein and disclaims all warranties to the fullest extent permitted by law.
